

HOW IT WORKS

We make saving energy simple.

1. Give us a call at **1-855-772-0210** or apply online at **Greensaver.org/ssa**.
2. We will discuss the eligibility requirements with you and if you qualify, we'll work together to determine the best available energy-saving measures for your household.
3. Depending on your eligibility, you may receive either an Energy Saving Kit with energy-saving measures for self-installation, or an energy expert may visit your home to see what energy-efficiency upgrades will help you most. These upgrades may be installed during or after an in-home visit.

IS THERE REALLY NO COST?

Yes! The Energy Affordability Program is offered by the Independent Electricity System Operator (IESO), which oversees many energy-efficiency programs in Ontario.

All expert advice and energy-saving home upgrades under this program are completely free of charge.

TO APPLY FOR THE ENERGY AFFORDABILITY PROGRAM OR FOR MORE INFORMATION:

NEW

ENERGY AFFORDABILITY PROGRAM

Less energy. More savings. No cost.

SAVE ENERGY AND MONEY WITH THE ENERGY AFFORDABILITY PROGRAM

The new Energy Affordability Program is designed to help income-qualified Ontario residents get the most out of their homes – at no cost.

With this program, you'll receive energy-saving upgrades tailored to the specific needs of your home, all at no cost. And a more energy-efficient home means more comfort and more money in your wallet.

WHO IS ELIGIBLE?

If you live in Ontario and are responsible for paying electricity bills as a homeowner or as a renter, you may be eligible for this program. Eligibility is based on your household income and how many people live in your home, or on your receipt of a qualifying government or energy-support benefit. Residents of social housing may also be eligible.

Depending on your situation, you may receive different energy-saving products and services, but it will always be at no cost.

Find out if you qualify:

WHAT YOU CAN GET

If you qualify for the Energy Affordability Program, you'll be able to make energy-saving upgrades to your home at no cost.

You may receive:

An Energy Saving Kit with easy-to-install energy-efficient products, such as LED light bulbs and faucet aerators.

Upgraded replacement appliances, including refrigerators, freezers, window air conditioners and dehumidifiers (installed at no cost).

Professional installation of insulation and draft-proofing materials to save energy and keep your home more comfortable.

KEY BENEFITS

Saving energy can help you spend less on your monthly electricity bills. Plus there are other benefits for everyone in your household:

- Greater comfort – stay warmer in the winter and cooler in the summer
- A brighter space
- Lower home maintenance costs
